RE: Electrical Service Repairs/HVAC (Heat) System Restoration

---

Dear Parent(s)/Guardian(s),

I would like to make you aware of some campus repairs that are impacting your students. The electrical system at Charles D. Hubert House is being upgraded to support a renovation that occurred in August.

As a result of the upgrade, 21 rooms on the second floor had to be supplied with portable heaters. The infrastructure repair has not impacted rooms on the first and third floors.

Morehouse College's facility services manager, Aramark, is actively working with an electrical contractor to resolve the matter as soon as possible. We apologize for the inconvenience to students.

Please do not hesitate to contact me with your questions or concerns. You can reach me at [Said.Sewell@morehouse.edu](mailto:Said.Sewell@morehouse.edu).

Thank you for your patience as we work to resolve this matter.

Cc: Maurice Washington, M.A.  
Associate Vice President for Student Services and Dean of the College
